Dear Mrs. Jacoby:

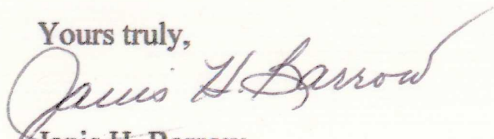

We are making this request regarding our home on 5 acres. We would request a change for two 2 ½ acre tracts for the following reason.

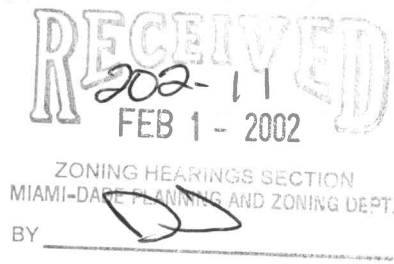

We have lived in the Redlands since 1978 and plan to remain here for many years. We want to have our daughter and son in law or grandson and wife to be able to build a home here. We are getting older and not in the best of health and would like family close if we are in the need of assistance.

Since we are almost totally surrounded by 2 ½ and 1 ¼ acres we feel this would not change the area. The tract next door to us and ours are the only 5 acres in this block and many surrounding areas.

I sincerely hope you will take this request under consideration after viewing the maps showing the surrounding parcels.

Yours truly,

  
Janis H. Barrow

Dear Ms. Jacoby:

Please accept this as my request for a change of my 5 acre tract to be split into two 2.5 acre tracts. The address is 26145 SW 194 Avenue, Homestead FL 33031.

Due to my mother's elderly age and deteriorating health, I will be required to take care of her on a daily basis. In order to do so, I will need to build her a residence on my property so I will have close access to attend to her daily needs.

Additionally, most lots in this area are between 1 ¼ acres to 2 ½ acre sites. As a result, this change would bring this property more in line with the surrounding area.

Please consider this request and contact me if you have any questions.

Thank you.
